

# Explore testing

**Task Name:** Feature Explore for Share trip(Flight)

**Tester Name:** Md. Arafath Kafy

## Type of Trip:

- ☐ Automatically selects One Way trip as default.
- ☐ Can't be unselected.

## Fly From:

- ☐ Departure airport is required.
- ☐ Can't find any result if no departure airport is selected.
- ☐ When searching for locations, suggestions are shown.
- ☐ Any kind of invalid input is shown as undefined search.
- ☐ If the searched location doesn't match the input field becomes blank.

## Fly To:

- ☐ Destination airport is required.
- ☐ Can't find any result if no destination airport is selected.
- ☐ When searching for locations, suggestions are shown.
- ☐ Any kind of invalid input is shown as undefined search.
- ☐ If the searched location doesn't match the input field becomes blank.

## Departure Date:

- ☐ Departure date is a required field.
- ☐ Can't select the current and previous dates.
- ☐ Any upcoming date can be selected but there will be no search result if the selected date is very far.

## Return Date:

- ☐ For round trip return date is a required field.
- ☐ Return date can't be selected before the departure date.
- ☐ If the departure date is set after the return date, the return date will automatically change to the same date as the departure date.

## Number of traveller's:

- ☐ Must be at least 1 adult traveller to search.
- ☐ More than 7 traveller can't be selected.

- ☐ Total 7 adult traveller and with them 7 infants can be selected.
- ☐ Except infants, not more than 7 traveller can be selected in the combination of traveller containing Adults, Children, kids where 1 adult must be present.
